APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the source. A valve must be installed and maintained to prevent waste of water and accurate measurements of water placed to beneficial use must be taken from time to time. This source is located within an area that has been designated by the State Engineer as coming within the meaning of the provisions of the 1939 Underground Water Act (Chap. 178, Stats. of 1939); therefore the State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Four (4.0) cubic feet per second.

Actual construction work shall begin on or before February 1, 1942

Proof of commencement of work shall be filed before March 1, 1942

Work must be prosecuted with reasonable diligence and be completed on or before February 1, 1944

Proof of completion of work shall be filed before March 1, 1944

Application of water to beneficial use shall be made on or before

February 1, 1946. Proof of the application of water to beneficial

use must be filed with State Engineer on or before March 1, 1946

Map Filed JAN 16 1941

Proof of commencement of work filed APR 10 1942

Proof of completion of work filed MAR 3 1944

of August 1941

This Permit abrogated by virtue of approval of App 11132.

Witness my hand and seal this 9th day

State Engineer.
